Competition with a financial reward for the
Teams category

CZECH LINE DANCE ASSOCIATION

www.clda.cz

We announce a competition with a financial reward in the Teams category.

Rules:

- 1, Reduced ranking will be set for awarding the financial reward.
- 2, The prize money will be awarded only in categories in which there will be at least 5 different teams after the reduced order.
- 3, The maximum number of contested choreographies in reduced order is 2 for one dance club.
- 4, The minimum number of dancers in a team is set at 6.
- 5, The possibility of overlapping dancers in a given category (one competition team dancing 2 or more choreographies in one category) is set at 25% eg. First choreography with 8 dancers, second with 10 dancers, i.e. from the first choreography, 25% of the same people can dance in the second choreography and that's 2 dancers. For possible overlapping, groups must provide an official list of members upon request of the organizer.

The organizer reserves the right to cancel the competition at any time for serious reasons and its decision is immutable. All winnings are legally unenforceable. There is no legal entitlement to participate in the competition or winnings.

Prize money (for each dance category separately):

1st place - 200 € reward for the competition team

2nd place - 100 € reward for the competition team

3rd place - 50 € reward for the competition team
